All,

Thank you to those who voted on whether or not to fund MAGJS for another year. 8 volunteers voted. Here are the results:

Yes, fund the full amount requested: 4 votes

Yes, fund everything except admin expenses: 4 votes

No, do not fund: 0 votes

So we will definitely be funding the project, but have a tie on whether or not to fund the admin expenses. In order to not hold the project up, we will go ahead and send the first installment of the funds without the admin expenses. We will discuss what to do about the admin expenses at the next meeting and hopefully come to a resolution soon. If we decide to fund the admin expenses we will include the full amount for it in the second installment of the funds.

Thanks!
