Proposed work: ASHA MUMBAI CENTER:

- 1) Basic curricular educational support to under
- 2) Livelihood generation training centre
- 3) Community Libraries with basic educational support
 - a) Swami Narayan Nagar
 - b) Morarji Nagar

Rural Initiatives : Uttar pradesh : Gomadih

Maharashtra : Wardha and surrounding villages

Computer labs all over the above and BMC schools

(BMC schools are the ones like Govt schools run by the Bombay municipal corporation where children from slums of various suburbs of Mumbai attend these schools which are free but there is huge dearth of teachers in the schools)

Constantly we are working hard towards improving and customising the teaching methods as per the students' situation. We provide the students with various tools of learning and skilling. Children have very open access to computers , science equipment, books and digital tools for learning .We

We dont stop at only academics but also provide them with environments in cocurricular learning activities, like

- a)cooking ,

ASHA

MUMBAI

b)stitching ,

c)Hand crafting,

d)Hand embroidery

e) Basic Agriculture

f) .That apart, children are encouraged to participate in various sports like football ,Badminton, Cricket, chess, Carrom board etc.

We have created 4 full computer labs with 15 computers in each Lab, at 4 chosen BMC(free) schools where the Labs will be totally under our control and the curriculum will be decided by ASHA .Asha Mumbai is looking at the fundamental change in providing education to the underprivileged children with the use of computers and also planning the curriculum in line with NEP which believes in training the student in HOW TO LEARN rather than providing ROTE education.

This year we expect the beneficiaries to increase multifold and can cross 2700.

Standard	No of students
1 st to 5 th	40
5 th to 10 th	150
11 th and 12 th	100
Tailoring	35
Wardha	250
Gomadih	100
Sai bangoda	50
Computer labs	1000
5 BMC schools	Approx 1000
Total no of beneficiaries	Approx 2725
