Subject-Appreciation Letter For Individual Counselling

We would like to express our gratitude to you and your team for individual counseling program with the students of our school.

It helps when you have better understanding of your own self and your emotions. Sharing your worries with an expert helps you feel less alone with the problem. And we are feeling privileged that we have been providing this helping hand to our students with the help of ETASHA Society and our teachers. Our heartiest THANK YOU goes out to Dr.Meenakshi Nayar and Counsellor Jaya Mukherjee.
