

July 2020

Karthi continues his work to help the children of Karumbalai and Madurai. In recent years some students mentored by him have gone on to work for other NGOs. His work is spreading through his students.

He continues his focus on helping child realize his or her potential.

The proposal is to continue funding with a fellowship honorarium of **Rs. 25,000 per month**. This year's funding will be from July 2020 to March 2021 (9 months), to adjust to the Indian financial year.

The Boston chapter met Karthi on Zoom in late June.
