Quarterly Report - April 2020

To,

Date : 17/04/2020

ASHA FOR EDUCATION,
340 , Lemon Ave , Ste 2742.
Walnut CA 91789
USA.

Respected Sir/ Madam,

Greetings from shaaron special school Rajapalayam ,I am glad to meet through this letter, we always greatful to Asha for doing support to our project for the past years. We all are regularly pray for Asha and all the services from Asha in all over india, individually we thank for every body in Asha.

Now we all are in the difficult situation, especially our shaaron school has in a critical position in financially but god has strengthen us to go through this way. So God is Great, He doesn't give up in any situation.

By the Government Order, Our school has closed on 13th March 2020. but our staff member were working in our school upto 25 th March 2020. Again all are doing UDI work from home given by the social welfare board. I will send the quarterly report salary, details and new project proposal FOR 2020 -2021.

After the Christmas (Half yearly) holidays. Our school has reopened on 6th January 2020, we have started our program in the first day of our school reopening.

Our children are trained by the staff with their new programme setting that is the next level of their academic and individual programme according to their quarterly evaluation report.

As usual our programme is going on very well according to their individualized programme planning, children are get more improvement in their previous level, but we couldn't evaluate their skills in the last quarter because of Covid- 19 lock down, Every year we have the evaluation on I st week of April .

SPORTS DAY

On 11 th Feb, we had celebrated the sports day , in our school, our children are participated the games & Sports, Our parents also participated the celebration, And we have conducted the special game activity for our parents all are enjoying.

TALENTS DAY CELEBRATION

On 3rd March we have celebrated the talents day in our school. It is encourage to the children's unique talents, skills. And it also helpful to the parents to know their children's talents and it will motivate to the parents to train their children. So that day all the parents are invite to the school and participate the celebration. This year also most of the parents are participated this day. Already I sent the photographs.

On 10th March we had a terracotta training for staff, given by the Redington Foundation.

On 13th March we had a training for door mat machine, and they given a door mat machine for our school now our teachers are taking training that, this year we didn't have the annual day celebration in our school.

And our children cannot attend the VIII th standard Examination for our Regular school syllabus. The Government has cancelled all the examination.

Funds support for Transportation

With support of Asha is very helpful to lead our project but till we have financial crisis in our institution. We didn't sufficient funds for our programme. Especially the transporatation is the major expenses and major burden for me. So last report I have asked to Asha for support the project or introduce a sponsor for transportation.

And I have send proposal for many organisation, But the Redington foundation come forward to support the transportation partially. (50 %) In every months we have spend nearly Rs.60,000/- for transportation, Currently we have

arranged 5 Auto Rikshaws for pick uping the children to the school. In future it will increased .

So we need one more sponsor to support the transportation for our children.

Emergency need

The another one emergency need is construction of kitchen, cum Physiotherapy unit. Our kitchen is very damaged & dangerous condition so we must construct it immediately.

Teaching Materials

We have 65 children in our school most of them (80%) of children are having fine motor problem (Lack of finger movements).So we need more teaching and exercise material for fine motor skills. Already I spent nearly one lakh for these material on 2015, But all these materials are spoiled through the regular use. So we need occupational therapy and fine motor equipment for our children, Please help us to purchase these material .Please help us to these needs.We are waiting for your positive reply.

Thanking you,

Your's Faithfully,
