I have praise & thank to the Lord for given this opportunity to share the Sharon schools situation and activities of last quarter.

According to the government order we had reopened the school on 13<sup>th</sup> june 2022. And run the school in regular system and nature. But this academic year is very tough and difficult to handle the children, because many of the children are came back to the school in very long gap ( holidays).

So most of the children are not interested to coming to the school and they had not co-operate to the teachers command and instructions. But now they are adopted to the school.

**Current situation of our school:**

Now we have 56 children in our school. Already we have 65 children in our school. But somebodies are very grown up and somebodies are going to job. So 13 children are drop out from our school. So now we have 56 children in our school.

According to our financial position we cannot afford the transportation for every child. So we have arranged the transportation for some children only. So now 26 children are coming to our school. Other children are waiting for the transportation. I hope we have to arrange the transportation for them also very soon.

**Assessment :**

On the month of July we had initial behavioral assessment for our children and setting goals and objectives for the 1 st quarter upto 30<sup>th</sup> September.
