

SHARON SPECIAL SCHOOL, RAJAPALYAM – SITE VISIT REPORT

I had visited Sharon Special School on September 18th, 2015. After a detailed study of the operations and the site, I hereby present you the report.

LEDGER VERIFICATION

The ledger and the pay slips of the 3 teachers have been reviewed and the accounts are intact with Rs.20000 being paid to each of them over the last 6 months. The copy of the bills/voucher has already been forwarded for reference.

FEEDBACK ON HEALTH & STATUS

With the apt support of funds from Asha, Sharon School has been successfully able to maintain a healthy environment in the campus, both in the physical and mental aspects. Ms. Prema and the teachers are confident on maintaining the same on a continuous basis. Their focus is now more on the development of the school, surpassing the basic survival issues that has been taken care by the timely support from Asha.

PROGRESS SINCE THE LAST VISIT

The progress has been tangible, with the addition of 3 new staff and 6 new students. With the fund from Asha, they have bought new learning materials and physiotherapy equipments that greatly aid the students in learning. There has been a significant improvement in the stature of the students in terms of life skills and responding ability.

THE SALARY SUPPORT FOR THE NEXT 6 MONTHS

The financial support for the next 6 month's salary is critical and needed for the Sharon School to manage the premise, staff and the children, for it has a direct influence on the operation of the school.

ADDITIONAL NEEDS

Their immediate need includes a support on the grocery/kitchen items purchase, which will help better nourishment to be provided to the students on a regular basis. The current dining space for the children is inconvenient and they are planning to construct an effectively planned one in the coming year. They are in need of 5-6 lacs for it, and are in the process of raising sponsorships. Any help on this matter will be a great support to them.

ADDITIONAL REQUESTS

They are happy with the support from Asha and requested the same to continue in the coming months too, for Sharon School to successfully create change in the life and minds of the special students studying there.
