According to the financial problem only. We couldn't appoint more teacher for our school and get good feedback from the student's level also. We couldn't raise the student's strength also. So we maintained 36 children only.

But when we are getting support from Asha for the purpose of salary for special educators. We feel free from all our problems. Then we are raising our student strength. Now we have 44 children in our school. We appointed 2 more teacher in our Institution.

We need a huge amount for the staff salary per year. But we are expecting special educators salary from the Asha.

SALARY EXPENDITURE DETAILS

S.No			Rs. P/M	Rs. P/A	Rs. Total (P/A)
1.	Special Educators	3X20,000	60,000	60,000X12	7,20,000
	Total				7,20,000/-

So next academic year also we are expecting support from Asha and waiting for your valuable reply.

Thanking you

Respected Sir,
Greetings From Shaaron Special School.

We are always grateful to you for getting support from Asha. This year only I feel freedom free from the salary crisis for our staff. Really I thanks for Asha for supporting for our school. It is so helpful to us.

Because till last year we are suffering lot by the economic crisis in our Institution. We didn't get any regular funds from anywhere for our school. So we are struggling lot to run the Institution.

So we didn't have permanent staff, because they are expecting reasonable salary from us but we are didn't give them. So they are not like to work here. If they were getting good salary from another school they will resign the job. So we are struggled lot.

In that period the students also suffering with psychologically. They need more time to accept the new teachers. The new teacher also more time to handle the children properly. Because we couldn't give admission for new children also. Because according to the special school norms 1:5 to 1:8 is the proper ratio for students and teachers. Already we have more students for every teachers. We can get good feedback from the training is based on the teacher, student's ratio and trained experienced teachers.
