**SUMMARY OF ACADEMIC YEAR 2024 – 2025**

Asha for education has been providing financial support for our shaaron special school for the Mentally challenged children. This Asha's support is encouraged to our team and leads to very successful programme in our special school.

Especially we are providing transports for new area in last year with this support . We are providing service for 10 more children.

Through this project this year we can raised our students strength. We have provided more transportation for a new area and bring 10 – 12 children to our school and provide service for them.

SHAARON SPECIAL SCHOOL FOR THE MENTALLY RETARDED CHILDREN

RAJAPALAYAM

PROGRESS AND PERFORMANCE;

In 1998, onwards we have financial crisis, so we could not concentrate the school programme, because lack of staff but now we can appoint sufficient staff and also get good improvement in the students performance.

Especially the parents are feel good for each and every programme of our children. We are providing some testimonials for your knowledge .

Examples:

Karan was 5 yrs child who came to our school but he has not speech ability , he is a down syndrome boy, he cannot speak and he cannot do self care skills also, even he cannot grasping power to writing but he has writing skill and social activities, self care skill and also he can speak very well. This is one sample for you, Like this most of the new admitted children are get improve in their academic level, Language and speech, self care skills , Social interaction some children are improved the vocational skills etc. All these credit over to God only and the team of Asha and their support only. So we always grateful to God & Asha.

Thank you,
