Canning is the gate way of the Sundarban. In the town there are brothels where CSWs do work for livelihood. The target children of CSWs and surrounding slum children have no access to childhood development. There is none to look after them except mothers and Babu/Mashi. In fact these children are growing in an unhygienic and indiscent environment that ultimately will ruin the future of the children. The CSWs are ill paid due to backward local economy. Their children are not accepted in the public school due to their mother's occupation and social exclusion by the mainstream community. A tiny suburb in the hinterland of South 24-Parganas, Ghutiari Sharif boasts a mazaar or dargah of Pir Ghazi Mubarak Ali Sahab. People from both Muslim and Hindu communities visit the majar to worship the Ghazi baba. There are mixed community villages surrounding the Ghutiary Sharif. There are also commercial sex workers community close to the holy place. People depend on agriculture and migratory labour work in the Kolkata city and its suburbs. At Paschimpara Kakdwip there is another brothel. It is seen that children of CSWs loiter in the streets and market places for begging. Some children engage in labour work. The childhood rights of these children are denied and there is none to extend helping hands for mainstreaming.

21. Is your program different from that provided at these schools? Please explain.

In our school teaching is provided to students with emphasis on learning in doing and in joyful environment. There are Mothers committees in each school. These committess along with teachers meet once a month to assess progress of each student and what to be done for those weak in progress. In the Infant's School mothers leave their wards in time and keep home made food for them. Health check up of infants is done from time to time. Mid day nutritious meals is given to all students. Proper care is taken for cleanliness of these children.

22. Why are the children in your school/s not attending government/other schools in the local area?

There is no such facilities in the local area for schooling and care of infants of CSWs and slum people. Infact CSWs and slum low income people are considered as socially excluded by the mainstream community and that creates barriers for childhood promotion of target children. Mothers or guardians have no motivation on child education.

23. Do you try to involve the parents of the children in the running of the school (e.g. in setting the syllabus etc.)? Please specify.

In our all schools there are Mother's Committees who meet together with teachers and take note of progress, problems. These committees take dicision in running of schools properly. Even some of them contribute nominal subscription for the school purpose.

24. What are your expansion plans for the future (e.g. adding more classes or schools)?

We have no expansion plan at present. We continue the pre primary education for all babies of 3- 6 years for at least next 15 years so that a community sensitization towards child education is generated. Children of Infant School will be enrolled in the SSKs at Ghutiary Sharif, Canning and Kakdwip after attaining age of 6 years.

25. Do you have any suggestions on how Asha can be a positive influence in changing the education scenario in India?
