

Saught Foundation: Funding for building toilets at the new school

Construction of the new school is progressing and is due to be completed soon. See pictures of progressing in school building:

Basic sanitation such as toilets are essential for schools and there is a need to educate the children especially as young as the ones in preschool. However, as the school building is nearing completion, Saught foundation does not have sufficient funds to build toilets.

Saught foundation's ask for the toilet building is the following:

'Building toilets for new school building': FY- 2023 -24

Sl.	Item	Amount INR	Comments
1	One-time cost for building toilets	100,000	Additional cost to build toilets for this new school
