Should we continue funding for Basundhara for the year 2018-19?

13 responses

Which components of the proposal should we support? (Please refer to the description above for total and last years amount)

Efforts to make them sustainable should be made. Efforts to connect with Basundhara adoption families in US should be made for fundraising drive yearly.

Every component actually seems necessary according to me! I didn't attend the call. But the noted helped!!
