Now the student strength of the school is 64 in SAIS Basundhara

.ODM school- 10 .Chauliaganja school-5 college-3

1- Water cooler installed.

2- Computer room and Pathachakra room separated by a wooden partition.

3-They have placed order for 1 book case

1 Almirah and 7 benches

4-A gentle man from Mumbai has promised to finance the construction of a boundary wall for the school. If it is built the school will have a big play ground. Besides this the surrounding area of the school will be protected from miscreants and cattle. The field beside the school is always swarmed with neighborhood cattle which is a free grazing ground for them.

5--The number of students now staying in this hostel is 64. While the capacity (if a bed is given to each child) is 45. As the number of students are gradually increasing and always there is a request to help more children they are thinking of shifting the girls' hostel to the adjacent building which has now housed the inmates of "Swadhar home". An arrangement will be made of interchanging the inmates) The building can accommodate 120 to 130 children. But before shifting, there is the need for a great deal of repair work and fresh painting of the rooms along with some new arrangements. For this they need some financial help.

Our Children Our Pride
