VOCATION TRAINING& AND ITS OBJECTIVES :

The present Government at the Centre also stresses an education system greatly emphasizing the culture of peace, sincere work, dedication of the cause of the nation, social minded, friendliness, right feelings, economic advancement, physical improvement and socio-cultural progress. In this connection it may be noted that Wayanad is only district selected from Kerala among the 117 Aspirational Districts in India by the NitiAyog to reach urgent developmental measures. The 'Transformation of Aspirational Districts' Programme aims to expeditiously improve the socio-economic status of 117 districts from across 28 states; focusing on two core areas viz: Education and Skill Development. Prior to closure of schools by March end 2020 due to Covid-19 pandemic, we could have held 2 vocational training under SDTP scheme in Plumbing & Wiring and Tailoring & Embroidery from the school campus for the matriculated tribal youths living nearby villages free of cost and the expenditure initiated by Cochin Shipyard Ltd. and implanted by SB Global Educational Resource Pvt. Ltd. But it was withheld but was restored after lifting restrictions imposed in the wake of Covid-19 and completed & awarded certificates concerned. These steps made almost all trained in plumbing & were placed in Govt./Private sectors reserved exclusively to the ST category as well as except 7 of 30 trained in tailoring & embroidery engaged in a number of dress making units and earning a reasonable sum for living now. Thereafter, bamboo craft training given in 2022 was also successfully completed and the candidates are known to have been working in different furniture/toy making unit across this district.

COMPUTER TRAINING :*Separate computer training Centre*

The formal inauguration of a fully furnished computer Centre equipped with a sufficient Laptop computer system set up across an area of 1800 sq.feet on the 2nd floor of the existing block of Kitchen-cum-dining hall in DIYA resource Centre on 8-July 2023. The recurring fund that will be required is tabulated below for that this trust is lacking to expend that much sum because of financial crisis.

Hence this project is drawn and submitted with mail for your kind consideration and early sanction which act of kindness would be a boon to empower a good number of women youths belonging to impoverished tribes settled in nearby villages. The trust can assure their 60-70 placement in private sector at the meantime they can get direct placement in different Govt.offices here as that much vacancy of posts left unfilled in this district is exclusively reserved under ST category.
