INJUSTICE OF JUSTICE

TIHAR JAIL, TIHAR VILLAGE

WHY?

Tihar Jail is India's most high security facility and the largest prison complex in the world comprising 10 prisons. With the steady increase in crime, the population of the prison complex is currently around 13000 prisoners, more than double the sanctioned capacity.

Thinking about the injustice meted out in the name of justice, we realised that the family of a prison inmate are innocent victims as the 'breadwinner' is incarcerated.

We located the families of inmates, paid their house rent, put the children in school, provided dry rations and offered training to the wives so that they could be independent. When we visited the inmates with the news that their families were cared for, they were at first suspicious, but over a period of months, they asked to be taught a trade so that they could lead honest lives once they were released.

Around 77% of the prison population earned an annual income of less than Rs. 50,000 at the time of their arrest, the majority facing charges under the Indian Penal Code (IPC). Approximately 43% of the prisoners are illiterate, and a mere 7% graduates. The prison administration with the support of NGO's is taking every possible step to increase the literacy rate of the prisoners.

75% of the prison population are 'under trials', awaiting trial, sometimes imprisoned for several years due to delays in the justice delivery system.

We work to uplift the living conditions of the families of inmates, and to transform the lives of inmates to empower them to lead self-sustained, independent lives.
