Mission
We educate, motivate and empower the young women of rural communities to grow into proud, contributing family members.

Principles
Provide Value Based Education
Promote Health and Hygiene
Facilitate Wealth Creation through employment

Approach
Our work is about engaging and empowering the young women of our rural communities by providing them with life skills through education.

We believe this will build stronger, more vital communities, improve local economies, and expand the opportunities for young women to seek an independent livelihood.

We cultivate a healthy and hygiene-aware community through our collaboration with local leaders by conducting medical camps and community town meetings.
**Location**
Situated in Jattari town, an agriculture driven rural town along the Delhi-Aligarh national highway (N.H.) about 10 minutes from Noida – Agra Yamuna Expressway. This institute is approximately 70 kms. from Noida (NCR- New Delhi) the capital of India. School serves for town Jattari and the villages located within 10 km radius around the town Jattari.

**Literacy Ratio**
Prior to the functioning of this school the literacy ratio of boys and girls was nearly 95:5. Since then there is been continuous improvement to about 65:35. We believe every year this number is improving significantly.

**Gender Bias**
In this region, guardian’s attitude towards girl’s education is biased. They prefer to educate the sons instead of daughters. If girls were given the opportunity, they will be as successful as the sons.

**Economy**
Due to lack of infrastructure developments in the region, agriculture is the primary source of income for most residents. They prefer to send the girls to work in the fields rather than go to school.

**School Infrastructure**
Over 600 Students from 1st to 12th grade  
30 Teachers with bachelor and master degrees  
Over 2 ½ Acres of Land with 32 Classrooms  
E- Learning Center with 12 computers  
Library  
Science Facility  
Sports Facility  
Fully Furnished Guest House for Visitors and Volunteers  
Vocational Learning- Sewing Center

Scouts

Girls from 6th to 8th grades participate in Girls Scout and Guide Programs,

This enables and encourages them towards value based education and contribution towards the society.
Eye Examination Initiative
The Eye Examination Camp was conducted in partnership with Carewell Charitable Society New Delhi (http://carewell.org/)
Eye examined for 261 girls, 120 Students were found with vision deficiencies. Carewell has provided the glasses for 120 students.

Health Examination Initiative
The Health Examination Camp was conducted in partnership with Dr. Jugal Kishor and his team of 13 doctors from Maulana Azad College New Delhi

The Camp was conducted on March 09th, 2014 to perform the health checkup of 280 students, 40 mothers. A team of 6 gynecologists performed their health checkup on mothers

Healthcare and Primary Care initiative for Elementary Students was Started in August 2013 we need to put some more stuff like distributing medicine etc.

Medicine and Vitamin Supplement Distribution
General purpose medication was distributed by Dr Vaibhav
Iron and Vitamin supplement was distributed to Primary student
**Community Initiatives**

**Solar Lantern Initiative**
Solar Lantern initiative was started with 80 lanterns and a 1 KW Solar Panel System sponsored by Ashit Singh by donating Rs. 275000 ($5000). Students bring the lanterns in the morning, we energize them at the school with solar panels and they will use it to study at night. Improved attendance is an outcome of this initiative.

**Bicycle Bank Initiative**
Bicycle Bank initiative was started with 87 Bicycles (Atlas Goldline) sponsored by Dipak Kapadia by donating Rs 200000 ($4000). Students will get the cycles to come to school to avoid walking for 4-5 Kilometers each way. Improved attendance is an outcome of this initiative.

**Morning Breakfast for Young Kids**
Serving 145 students (4-10 years of age) by providing a glass of milk and a breakfast item (protein based) sponsored by Rodger Forni, Niraj Parikh and Abhay Dixit. Essential calcium and irons needed for growth is key focus in the nutritional plan.

**School Van Initiative**
School Van initiative was started by procurement of Mahindra School Van sponsored by Dipak Kapadia and Niraj Parikh by donating Rs 100000 ($2000) each. Increased coverage and improved attendance are an outcome of this initiative.
Community Initiatives

Scooty Learning Initiative
Scooty Learning initiative was started by procurement of Honda Scooty, sponsored by Jitendra Paliwal. This initiative is available to 11th and 12th grade students if they maintain 90% or more attendance.

Tricycle for Kavita Sharma
Kavita is a 11th grade student, who has maintained over 90% attendance despite her village being 4 Kms (2.5 miles) each way from the school. Tricycle is donated by Mr. Dhruv Kohli, AAR KAY Enterprises, New Delhi.

Textbooks
We are providing the textbooks to all students who have 90% of attendance in previous academic year, sponsored by Jaspal Narang, Bhupesh Chaurasia, Vinay Verma and Ashima Patel. We are not highlighting that we provide Free uniform and Textbooks to primary students.

Uniforms and Woolen Jackets
We are providing the uniforms and woolen jackets to the students who can not afford, sponsored by Dipak Kapadia and Durga Dash. Uniform and Woolen Jacket are costing us about 12 USD per Student.
Value Based Education

Sports, Music and Celebration

Special Projects and Classes

Science Projects
Awareness and Opportunities

BSPES team conducts village meetings with parents, grand parents and students in several villages (Brijanagala, Haziyapur, Chhajupur, Jalalpur, Itwarpur and Damuaka) to increase their participation in programs like Call Center, Nursing Program, Hotel Management Courses, Science and Engineering Courses.

BSPES team along with our partner PPES has conducted village meetings with parents, grand parents and students in 2 villages (Itwarpur and Jartauli) and at the school (for Jattari students)

Provide information on financial assistance from Sponsors and Bank loans

Polio Drop Program
Girl Child Education Awareness
Save Environment
Toilet Project for Kavita Sharma

We have built a handicapped accessible Toilet for Kavita Sharma at her house in the village Chajjupur.

Kavita is a 11th grade student who comes on a tricycle from her village everyday.

Her village is about 4 KMS (2.5 miles) each way.

Kavita has maintained over 90% attendance.

The total cost of the toilet project was Rs 17,560 (approximately 350$) and supported by Durga and Alpana Dash.

Toilet Project for Rajani

Rajani is an 8th grade student at the school. Her village is about 3 KMS (1.5 miles) from the school. Rajani has lost both the parents at a very early age and currently living with 4 elder brothers in her 2 room house.

Rajani takes care of daily household chores including cleaning, cooking etc prior to coming to the school.

Despite of these challenges Rajani has maintained over 95% attendance.

The total cost of the toilet project was Rs 17,120 (approximately 290$). Rajani's brother has helped us in building the toilet.
Community Collage Initiative (CCI) Program
Sponsored by the bureau of educational & cultural affairs of the United States Department of States

We are training students to appear in English Test and Interview (conducted by US Embassy New Delhi)

Once Selected these girls will have an opportunity to come to USA for 1 year Hospitality Management Course on a cultural exchange program fully sponsored by US Department of States

Personality Development (PD) Program
By English Helper (wholly owned subsidiary of the Boston based English Helper Inc.)

This was 10 week summer training program for 10th and 11th grade students

Community Health Initiatives
We would like to start Health Checkup, Eye Checkup to Girls, Mothers and Grandmothers and provide the basic iron, vitamin supplements and eye glasses.

This program will help the families especially mothers to understand basic health, feminine hygiene.

I-Books (Tablets) Initiative
We would like to provide I-Books to students to 12th grade students to minimize the cost of buying textbooks every year.

In addition to course textbooks, student will be able to download the magazines, competition books etc.

Each Tablet will be closet to $ 100. Total Investment (for 50 Tablets will be 5000 USD.

Vocational Training
We would like to start basic training of clay pot making, candle making, paper bag making to develop the entrepreneurial skills.

We would also like to automate the Sewing Center by providing power operated (solar power) machines for sewing, embroidery etc.

Clean Water Initiative
We would like to install 3 commercial grade water filtration systems (non-mechanical) to provide clean water in the school.

We would like to start pilot programs by providing 50 water filter system for the students for their homes to provide clean water for the family.
Sponsorship Program

Sponsor a girl with Rs. 5000 (100$) per Year
