

Kumarappa Gram Swaraj Sansthan – Grant Proposal Summary

Project Title:

Tablet-Based Digital Learning for Bricks School Children

1. Background & Need

KIGS's Bricks School initiative offers foundational education in Hindi literacy and basic mathematics to children of migrant brick kiln workers in Jaipur's vicinity.

Provision of tablets loaded with interactive learning modules could improve retention, comprehension, and educational outcomes.

2. Objectives

- Equip each Bricks School with tablets (shared among small groups) pre-loaded with age-appropriate, curriculum-aligned educational content in Hindi and math.
- Strengthen student engagement, foster digital literacy, and support learning.

3. Expected Outcomes

- **Improved Learning Outcomes:** Enhanced student performance in literacy and numeracy, demonstrated through school assessments.
- **Increased Engagement:** Higher student attendance and enthusiasm, driven by interactive digital content.
- **Teacher Capacity Building:** Improved digital pedagogical skills among teachers.
- **Scalability:** Successful implementation paves the way for replication in additional Bricks Schools or other KIGS initiatives.

4. Budget

Item	Quantity / Unit Cost	Total Cost (INR)
Tablets (model-Lenovo M11 TAB 8GB RAM/128 ROM/11 INCH Display Full HD 90 GHZ.	30 tablets @ INR 13,900	417,000

5. Call to Action & Impact

Providing interactive tablets to children in Bricks Schools will dramatically enhance the quality of education for one of India's most vulnerable populations—migrant children. Your grant will strengthen early learning experiences, foster digital literacy, and lay a foundation for long-term educational growth.
