Dear All,

Here is the reminder for this week meeting on 03.03.2016 at 7:30 pm in Ganesha.

Agenda:

1. Finalise the yearly mitgliederversammlung (members meeting) dates.

This time in the yearly meeting,

- We had to change the constitution slightly as per the guidelines provided by Finanzamt. We need to approve the changes in this meeting officially (latest by April).

- We need to elect new board members.

- Get last year finances cross checked and approved.

So it is important that we have all the members who are on the board and the volunteers who would like to take up active roles in Asha to be present.

2. When i was traveling in India, i have visited few schools in tribal villages in Andhra Pradesh. I would like to give quick update on this.

3. Project updates from Nagaland and Concern for Humanity.

4. Other items if any.

Please send an email, if you can attend the meeting or not.

Looking forward to see you all on thursday.

Best Regards  
Sandeep

**Concern for humanity:**

- It is decided to support the project for the same components has last year for which the cost is about € 4000.
- Inform CFH that next year we may not be able to support but they can still send the proposal. With that they can also look for other donors and depending on the review result we can freshly decide to support or not.
- Keerthan volunteered to be the project steward for CFH and he will be single point of contact from Asha Frankfurt to the project.

**Yearly Meeting to elect new board:**

- Possible dates are either end of march or early April. In next meeting, when more people are there, we can continue the discussions in this regard.

**Next Meeting:** 4th March at 7:30 pm in Ganesh

Dear All,

Hope you all are doing fine. Its been long time since we had Asha Meeting and there are several very important decisions pending.

Lets meet on coming thursday 18.02.2015 at 7:30 pm in Ganesha Restaurant in Niddastr. 104, Frankfurt.

Agenda:

- Decision on Concern for Humanity (CFH). We have the proposal for this year pending for the past couple of months (attached along this email). As the academic year has already started, the learning centres are also started. This year, there are additional morning shifts in two centers and snacks for the children in all centres, which increases the total budget to about 5 Lakhs. We need to take decision, how much we can support.
- There are delays on our side in following up with CFH and we would need a volunteer who can take responsibility of coordinating with CFH. Who can do this?
- Yearly member meeting and electing new board members. What are the possible dates for the meeting and venue?
- Other items like catching up etc..

Please send an email, if you can attend the meeting or not.

Looking forward to see you all on thursday.

Best Regards  
Sandeep
