

**Discussion:**

Since half of the proposal was same as older one, there were no questions regarding the travel, lodging and food part. There was one question regarding the teaching aid part which was asked to the project partner which is as under:

Question from volunteers: Can they obtain some of the teaching aid from other sources?

Aavishkaar: Perhaps, but they're not sure. They will try to optimize all the money that they get. They will wait for buying if someone wants to bring something from US with them. If things are found elsewhere, the funds will be diverted to other teaching aids.

Vidhi Shingla. This is definitely a good project that if we have enough funds to support. The girls get a very good exposure at Aavishkar which will hone their personalities in diverse ways.

Keertana Marella

Srivathsan

Sandhya Arumugam. It was discussed during the meeting that the project has been doing a really good activities during the previous years and the amount requested also looks smaller. Hence my votes.
