Needs Assessment

Families in South 24 Parganas were already facing food shortages as a result of COVID-19 lockdowns prior to Cyclone Amphan. After the cyclone hit on May 20th, severe damage has been reported to crops and previous food rations affecting up to 1000 people. In addition, 500 homes have been damaged partially while 120 have been damaged badly.

Objective: Provide immediate support to families without food in the region as well as temporary materials such as tarpaulins and mosquito nets to mitigate effects of home damage.
