

### **Rescue Operations and Post Rescue:**

The main objective of the programme is to unearth the trafficking networks which are operating in disguise. Usually Odanadi's rescue operations are unlimited. Odanadi responds all the complaints received. Individual rescue operations are quite common. In rescue operations we give importance to the following:

- a. Rescuing the girls from the clutches of traffickers, brothels and other exploited situations.
- b. Arresting and booking the culprits avoiding the legal loop holes. (Victim/Witness protection)
- c. Documenting of the rescue process, (audio & video) information collection, strategy building, bursting the networks.
- d. Safe custody of rescued girls for further rehabilitation and reintegration.
- e. Post Rescue – witness/victim support, T.A., D.A., Training, reintegration charges etc.
