Sub: - BUDGET PROPOSAL FOR COVID-19 RESPONSIVE EDUCATION MODEL OF SANKALP EK PRAYAS

Dear Madam,

This has reference to our discussion on the matter wherein it was deliberated that on account of government endeavors for ensuring academics completion of children in the wake of Covid-19 pandemic, an approval had been accorded to Sankalp Ek Prayas for helping children in villages in their respective villages through engagement of Sankalp teachers at community centers. As such Sankalp Ek Prayas has been administering 60 community support school centers in Chhattisgarh. The endeavor is resulting into approx. 6000 children being benefitted from the intervention and the effort has resulted into a benchmark success case during COVID-19 period.

The endeavor of Sankalp Ek Prayas is being acknowledged at one of the best interventions launched in education domain with support from ASHA FOR EDUCATION. ASHA FOR EDUCATION is supporting 30 Support Community Center of Sankalp Ek Prayas presently. Owing to huge impact created by the intervention, UNICEF has stepped in and made collaboration with Sankalp Ek Prayas and a systematic improvement in quality of education is being brought through the initiative.

However, it is pertinent to mention here that It is going to be a huge challenge for all of us to administer our community schools as we do not have any support for infrastructural arrangement for running our centers. During the last conferencing with ASHA FOR EDUCATION team, we had presented our difficulties in administering our community centers owing to non availability of support under the mentioned head.

The unavailability of basic requirements results into constant challenges for us to retain children at centers, besides, the basic requirement of Boards, Mats, Chair, Table, Almirah etc are imperative for running the centers.

Meanwhile, UNICEF has required us to make sure a small library with foundations books relating to improving reading, arithmetic, and writing abilities of primary level children. This relates to the need of UNICEF SEEKH PROGRAMME which aims at improving foundation learning of children which is administered at Sankalp centers.
Considering the above background, we have chalked out the most important items which are required essentially to be made available at centers. Our request is for Green Mat, Boards, Chair, Table and Small Almirah for 30 centers being supported by Asha For Education which shall result into smooth administration of COVID-19 Responsive Education Model of Sankalp Ek Prayas.

Accordingly, we request for the following Budget
