Dear Sir/Madam,

While struggling relentlessly, during the last few months to withstand and overcome the pandemic outbreak of COVID-19, Antyodoy Anath Ashram, has received the severest possible blow from the cyclonic disaster Amphan, which has devastated us the last Wednesday. To say the least, we are completely shattered. By the grace of The ALMIGHTY, we are physically alive but otherwise have suffered immeasurable losses in almost all segments of our livelihood. The vegetable garden in side the ashram, which was literally feeding us during the lock down period has been completely destroyed. We really do not know where from we will source the vegetables for our day to day consumption now. The solar panels fixed at the rooftop got uprooted and thrown away, solar street lights have all gone, most of the doors & windows have been smashed, water tanks on the roof, water pipelines, fencing etc. have just been torn apart, large no. of trees have been uprooted, Diesel engines and aerators near the ponds have also been damaged beyond repair. The list is just unending and we are completely at a loss as to what to do and how to arrange the required fund to get back to normalcy. But we are not losing heart. Even in this traumatic situation, when almost everything is out of our control, we know that we have the blessings of you all, who have always stood behind us, guided us at the hours of need and extended financial support whenever required.

We sincerely hope that this unprecedented crisis will not be any exception either and once again you will come forward whole heartedly, extending all possible financial assistance to us. We shall remain immensely grateful for all your support, advice and guidance. We are confident that with your help, we will be able to tide over the present crisis too.

With best regards,

Yours faithfully,

Balaram Karam
