Subject: Appeal for Sponsorship for education of 7 Project Prakash girls

Dear Patron,

Warm greetings from everyone at NAB, Delhi!

NAB stands out among organizations dedicated to the visually impaired due to its innovative initiatives and pioneering work. NAB Delhi is deeply committed to promoting education for visually impaired children, which stands as its primary objective. Integrated education holds paramount importance in fostering inclusive growth for these children. NAB strives to provide visually impaired students with an educational environment and learning experiences akin to their sighted peers. The integrated education model encourages visually impaired and sighted children to study and engage in activities together within a regular classroom setting. This approach not only fosters mutual understanding and acceptance but also highlights each other's unique needs and strengths. NAB plays a pivotal role in facilitating this convergence.

Integrated Education (IED) serves as the cornerstone of NAB's Education Department, catering to approximately 200 visually impaired students enrolled in various mainstream schools across Delhi. Our beneficiaries are enrolled in schools such as Tagore International, Kendriya Vidyalaya, DAV Public, Guru Harkrishan, DPPS, Green Field, and St. Mary's, among others. The Integrated Unit of NAB provides after-school support through a dedicated team, serving as a resource center and bridging the gap between mainstream school teachers and visually impaired students. NAB Delhi is committed to provide all necessary facilities, including school fees, accessible books, uniforms, transportation, boarding, lodging, nutritious meals, resource classes, therapy, and more, to all beneficiaries, with the invaluable support of patrons like yourself.

NAB has partnered with [Project Prakash](#), an organization that works towards the treatment of children with congenital blindness and helps them to integrate with mainstream society through education and vocational skilling. We earnestly appeal to you to consider sponsoring the annual education of 7 Project Prakash children for the academic session 2024-2025. The annual sponsorship for 1 student is **INR 1,51,200** and includes a comprehensive care of the child for 12 months. For 7 children the amount adds up to **INR 10,58,400**. All these students belong to marginalized backgrounds, and your support will undoubtedly create a life-changing impact not only for the beneficiaries but also for their families as a whole.

Thanking you in anticipation of your positive response.

Warm regards,

(PRASHANT RANJAN VERMA)
Hony. Gen. Secretary
National Association for the Blind
