

Date 22-04-2010

Dear Rameshbhai,

Delay for the report is regretted. So far we have visited 67 schools in the year 2009-2010. Two out of four teachers had left job. We are unable to get new teachers even after giving several advertisements in the local newspapers.

SOW program has gained popularity and appreciation in educational field.

In the Primary schools we perform all the experiments of V to VII standards and also other interesting experiments with full participation of students. In the High Schools we concentrate on Sky Gazing and NTS training program. Sky Gazing program is helpful for students of VIII standard.

Herewith we are sending list of schools visited in the second term. We are sending this report to Shree Lalitbhai also.

Thanking you,

Yours Faithfully,

Chairman
Vasundhara Public Charitable Trust

VASUNDHARA- SCIENCE ON WHEELS PROGRAMME-
SCHOOLS VISITED DURING SECOND TERM
