Project Quantification (V1.2)

This **Project Metrics** form collects Input Metrics related to each project i.e. details around the beneficiaries of a specific project, certain key impact metrics of a project to assess impact and evaluate project operations aspects and projects sustainability.

This form needs to be filled annually as a part of the checklist process to disburse funds for the new academic year and should be done once every year. The form is to be filled by the project steward or a chapter volunteer with sufficient interaction with the project partner. This form must not be filled by a non-Asha volunteer.

Going through the following ARC proposal will help prepare the answers before filling the form:

<https://wiki.ashanet.org/display/COORD/Collecting+Input+Metrics+annually+from+all+Asha+Projects>

INSTRUCTIONS:

1. Keep all the required information (based on the questions in the ARC) ready before trying to fill the form
2. Follow other question specific instructions and examples in the form.
3. If a project partner is involved in work along more than one project type (see categories in the ARC):

(a) If the set of beneficiaries is the same, fill the form only once, selecting all the relevant

project types.

(b) If the sets of beneficiaries are different for different project types, fill separate forms for each set of beneficiaries.

4. Overall, it is important to ensure that the number of beneficiaries and budget does not get double counted anywhere in the whole process of filling the Project Metrics forms.

5. Create a pdf of the form once submitted (an email from projects@ashanet.org is sent automatically) and upload to your projects page with the right identifier as Project Metrics Form. This should be linked to the checklist with a dropdown menu for the latest submission.

[Please email projects@ashanet.org with subject line "Project Metrics Query" if you have any questions regarding the form.]

How many forms do I need to fill for a project partner? See this example...

Let's say Asha is funding an NGO partner XYZQ for three projects:

A: Primarily Teacher Training

B: Support for the trained Para-Teachers in Govt. Schools

C: Residential Facility and After-school Learning for 100 children (& not related to Project A and B)

In this case, the steward/volunteer will fill two forms.

Form #1 will be for projects A and B combined as beneficiaries are the same for the two projects. The form must contain only details around Teacher Training and Para-teachers projects. Since this form is not intended to collect impact metrics, the number of children indirectly benefited through the para teachers should not be entered.

Form #2 will be for Project C as the set of beneficiaries is different from the others and will contain details for Residential Facility and After-school/Supplemental Learning.

What are the Project's short-term (1-2 year) goals? *

Children and youth of denotified tribes and urban indigenous groups have a safe and stable environment for learning and growing. Girls of Kanajr and Pardhi communities participate in non-traditional activities as sports, theatre and formal education and get a chance in life to examine what they would like to do, and stand for themselves and their communities.

What are the Project's long-term (5+ years) goals? *

More children of Adivasi and DNT communities are accessing higher education, particularly girls in Kanjar and Pardhi groups, and boys in the Gond communities. Additionally, we hope the trends of early marriages, alcoholism and suicidal tendencies in the communities are coming down through the hope-based model with the parents and children. We also see our work as contributing to the models of education that are premised in indigenous values of sustainability and connectedness.

Number of years with Asha *

Some Common Questions

Project Type Description

FORMAL SCHOOLS - Projects that support the running of formal schools for children in rural and urban areas.

SUPPLEMENTAL TEACHERS/PARATEACHERS - Funding supplemental teachers, teacher's aides, classroom assistants who are generally responsible for specialized or concentrated assistance for students in elementary and secondary schools

TEACHER TRAINING - Designed to equip teachers with the knowledge, attitudes, behaviors, and skills they require to perform their jobs

VOCATIONAL TRAINING - Vocational training programs cover a broad range of subjects from Computer training, tailoring, bee-keeping, agriculture (growing of certain plants), screen printing, carpentry, making greeting cards etc

AFTER-SCHOOL/SUPPLEMENTAL LEARNING - After school support centers provide supplemental learning to compensate for poor quality education provided in the government school.

RESIDENTIAL FACILITIES - Asha supports projects which are residential schools for children.

NUTRITIONAL ASSISTANCE - Providing nutritional programs

INFRASTRUCTURE DEVELOPMENT - This type of project is a one time expense, usually used towards infrastructure costs.

TEACHING AND LEARNING MATERIALS - Asha supports educational resource centers which aim to improve the quality of schooling provided by different schools (government and non-government).

AWARENESS CAMPAIGNS - These programs provide education that is aimed at raising awareness on various issues and creating an informed society.

SPECIAL NEEDS CHILDREN / DISABILITIES - Asha works with many schools that specifically reach out to children with various disabilities and special needs.

CAPACITY BUILDING - Capacity building programs for teachers and educators

COMMUNITY SERVICES - Projects that have worked on different initiatives that can have better overall impact on the community.

FELLOWSHIPS - Support is given to those whose work in time will have a large positive impact by creating an institution or a methodology.

HIGHER EDUCATION - For projects that support or provide support for needy/deserving undergrad or grad education programs or students in India (after class XII)

NON FORMAL EDUCATION - NFE centers are typically created for children who are unable to attend an entire day of school. Often these centers serve as a stepping stone to more formal education.

OTHER: If and ONLY if your project does not fit into the above mentioned categories, fill out the metrics

described in the this section.

Please submit a SEPARATE form for each aspect of the overall project support. For eg, if the project funds Formal School and Vocational Training, submit a form for the Formal School section and a form for the Vocational Training section.

Percentage of budget supported by Asha *

What percentage of the project budget is supported by Asha?

(If the particular project supported by Asha (all chapters included) has an operating expense of INR 50 lacs, and Asha support (all chapters included) for the year is INR 50 lacs, the answer is 100%)

15

Percentage of project partner operating expense supported by Asha *

What percentage of the project partner's entire operating expense is supported by Asha?

(If project partner operating expense (both the program supported by Asha and other non-supported programs) for the year is INR 1 crore, and Asha support (all chapters) for the year is 50 lacs, the answer is 50%)

4.5

RTE Compliance *

Is the project partner's institution recognized under the RTE Act ? <https://dse.education.gov.in/rte>

Example: If the institution is not RTE compliant, please answer "No" and go to the next question.

Yes

No

What are the issues being faced by the project partner to get towards RTE Compliance ?

We are RTE compliant in terms of teachers, as we have a group of teachers who have done their degrees and diplomas in education as a mandatory minimum qualification, and facilities needed until Class 8.

However, as other private schools, where children of impoverished backgrounds gets into the

school through a lottery system, we are taking children directly from the villages and slum settlements. We see that even the poorest of the poor do not come into this bracket of RTE and do not gel with the typical private schools. Therefore, we see that the children whose names come out of the lottery and thereby should be taking admission in the private school in our school do not actually come, because their parents do not feel comfortable with their children mixing with the children of Muskaan.

Our school does not have a big enough playground as per RTE norms. We also feel the need to have more open space for children, and are planning for another bigger space in the long run.
