

# **Project BTS-**Baikunthapur Tarun Sangha

**Proposal for a One time need**

**Steward: Pragya Anand**

# BTS background

- Was founded in 1983 at the Kultali island , Calcutta. The project is in the Sunderbans
- The **Patha Bhavan** school supports destitute children throughout the area who are unable to attend the government school.
- The children spend their time in school during the morning and extracurricular activities in the afternoon.
- Basic Education with vocational training through Joyful Learning Process
- BTS encourages increased female enrollment in school and provides a fundamentally strong education for the children who go there.
- Total 289 Children graduated from BTS-PathBhavan

# Partnership with Asha-San Francisco

- Asha Cornell has been funding BTS for roughly 10 years. Though BTS has other health and women's empowerment initiatives
- In my conversations with Susanta Da, his passion to help these children and continue providing education for the next generation is evident.
- He and the rest of the members at BTS are constantly looking for new ways to improve the school and teaching.

# The Proposal

- Rooftop Water-Levelling & Ceiling repairing work (2500 sqft): .  
**This budget amounts to ~ USD 3800. My recommendation would be to approve it in its entirety.**
