Part I: Information about your group/organization

Please feel free to attach any additional sheets and/or information such as brochures, press reports etc.

1. Name of the group/organization requesting funds.

Baikunthapur Tarun Sangha (BTS)

2. When was the group established?

1983

3. Briefly describe the motivation for starting this group.

In 1978, a group of youngsters, like many other groups elsewhere in the state, started their Club for fun and frolic. The major floods that hit the Kultali island in 1982 made the youngsters to undertake a series of relief measures, physically helping victims to reach safer places, pleading the government and administration for relief support and generally organizing the relief camps. It was the turning point in the history of the Club. The youngsters understood their utility-value to the society and their eyes were opened to the appalling nature of development. They saw poverty in its stark-nudity and total lack of apathy and support from other quarters, including their elected representatives to the government. They resolved then that they would strive to provide better service to their poor brethren. Thus, Baikunthapur Tarun Sangha, known in short as BTS, was born. Next, it was registered under the West Bengal Society Registration Act, 1961 and later received the certification under Foreign Contribution Regulation Act, 1976 of Ministry of Home Affairs, Government of India

4. Briefly describe the aims of your group.

To provide equal opportunities to all sections of rural poor and distressed people for their comprehensive development and self-reliance in an sustainable & participatory approach enhancing special emphasis on cause and care of vulnerable women and their malnourished children in acute need of proper care and concern.

5. Does your group have any religious or political affiliation? If yes, please describe the type of affiliation and the reason for it.

No.

6. What non education-related community development activities is your group involved in?

Part II: Details about your educational project/s

7. List the school/s run by your group, and their locations. If you are requesting funds for only a few of several schools, please specify which one/s.

BTS requesting funds for only one school: BTS-PathBhavan

8. Location of school/s ☐ Urban ☒ Rural ☐ Other _____

9. Specify the type of education provided (e.g. basic literacy, vocational training etc.).

Basic Education with vocational training through Joyful Learning Process

10. Please tell us about your teaching techniques (conventional vs. alternative).

Besides exercise on Joyful Learning Process(JLP), BTS is giving emphasis on propagating TLMs by the trained teachers. Expansion of JLP to local Govt. Primary Schools(8 Units from Pre-School -Grade IV) is a good response and the govt schools are interested to take care of the TLMs to attract the attention of their students with a increased attendance. BTS-PathBhavan is thus entering into a catalyst's role to create a better atmosphere in the field of basic vis-a-vis high school education with parents' interest to allow their children to regular schooling entertaining child rights to quality education and protection. Interactive Teaching-Learning methods with extra-curricular activities are introduced among the children and thus, the children are encouraged to do better results after which they are mainstreamed in local government schools for further study at upper-primay level.

11. What is the literacy rate in the local community?

36.51%

12. Describe the socio-economic background of the children and their parents (e.g. education, occupational). If any of your students are employed, please tell us about that as well.

BTS-PathBHavan is a school in the middle of the remote village and it has 204 poor disadvantaged children from the vulnerable families of rural working mothers , forest-fringe people(collecting woods, NTFPs like Honey from the mouth of the Royal Bengal Tiger) & Fishermen communities...Almost all the parents are unfortunate and helpless to continue bearing their children's educational expenses and thus causing drop-outs and sending them to work physically in place of sending them school for their childhood education and stand in life ...!

13. In addition to education, does your group provide any other services to the children in your schools (e.g. food, health care, clothing, etc.)?

In addition to basic education, BTS-PathBhavan School provides School Uniforms, Books, Education Materials, Mid-day Meals / Nutritional Tiffin type(as per availability) due to cost factor, Health Check up or emergency Healthcare, Child Sponsorship to few of the merited poor school children , mainstreaming supports to poor and drop-out school children etc.

14. Does your school have:

Its own building(s): ☒ Yes ☐ No Number 1
 Number and type of classrooms (e.g. Pukka): No. 11 (Pukka)

	Yes	No		Yes	No		Yes	No
Toilets	☒	☐	Playground	☒	☐	Toys	☒	☐
Chairs & Tables	☒	☐	Blackboard	☒	☐	Library	☒	☐
Drinking water	☒	☐	Electricity	☒	☐	Computers	☒	☐
Laboratory	☐	☒	Teaching aids (e.g. books/slates)				☒	☐

15. How many children are currently enrolled in your school(s)?

Male 119 Female 85 Age Range 5+ - 11+

16. How many staff are employed at your schools?

Teachers 10 Minimum Qualifications Secondary (MP)/Graduates (BA), MA
 Other staff 2

17. Average distance the children travel to attend your school 1 KM-1.5 KM

18. How many children have gone through your program in the past five years and what are they doing currently? Please tell us about their future education and employment possibilities.

Total 573 (2025-26) Children have been graduated from BTS-PathBhavan to local High schools alongwith yearwise nurturing of a no. of 5394 Children for last 25 years.

.Almost all of the graduated children are in education in local High , Higher Secondary or College education .Few of them already settled in life as a Doctor,Teacher, Businessman, Govt. service etc.

19. Do you help your students with their future education efforts after they have passed out of your school?

Yes, BTS-PathBhavan Teachers are very sincere in this regard and take care of the matter in a way that they regularly monitor almost all of the graduated children to check drop-out. Even the teachers are active in helping the poor children to get admitted into the next classes in the local high schools

20. Are there any other schools (Kindergarten/Balwadi, Elementary school, High school) in the area? If so, please list the schools and the range of classes each of them offers.

It is fact that there are no such organization working on the same way of learning for the children of the area though there are a few BTS-models already replicated in few private KG & Nursery schools.

21. Is your program different from that provided at these schools? Please explain.

It has also been seen that the children of this type of education system have proven their competency to keep up their brilliant results/performances in the annual exams or in the social functions. Students from BTS-PathBhavan have gained/acquired almost top position in all classes of secondary education and local parents and teachers know it well.

Educational supports have helped the poor parents a lot for these previous 25+ years to send their loving children to get admission and continue to take basic quality education from the school project BTS-PathBhavan.

This learning model has proved its effectiveness in the area as it has been replicated in other villages to encourage many education-entrepreneurs to start such type of model KG & Nursery Schools.

22. Why are the children in your school/s not attending government/other schools in the local area?

There are a few causes for which the children of this school not usually attending the local school upto class-IV onwards . Distance & bad roads ; over-enrollment in the schools , teacher-student ratio etc are few causes to think the parents to send their children to BTS-PathBhavan for a careful learning atmosphere

Actually they get admission in those govt schools after completing the 4th standard or so for high school education.

23. Do you try to involve the parents of the children in the running of the school (e.g. in setting the syllabus etc.)? Please specify.

Yes, BTS conducts parent-teachers meetings to bring a cohesion in between parents and school authority so that each & every problem could be resolved for keeping better atmosphere in the school.

24. What are your expansion plans for the future (e.g. adding more classes or schools)?

BTS has been trying to expand the school-BTS-PathBhavan by adding more classes to open new sections and adding more classes to have its extension upto class VIII (Jr. High or Upper Primary) stage to promote backward girls' school education by setting up of school infrastructures including girls' hostel facilities.

25. Do you have any suggestions on how Asha can be a positive influence in changing the education scenario in India?

Asha for Education can introduce or should give emphasis on considering new projects which are on valuebased quality education with an addition to vocational training to children who are not interested to continue their future studies in higher schools/colleges.

26. If possible, please provide us with the contact information of two individuals from your community who can describe the impact of your program.
