Request: “BTS is continuing its online digital classes with an aim to improve it in its expected way as per my previous mail to you. Teachers are always engaged in their daily routines in the trying situation. Actually there was no electricity connection in the School Campus, though we are now trying to manage the electricity get connected soon after electrical wiring and fittings inside the school. Even, there was no internet connectivity installed before, but it was going on using mobile nets etc. Now, we are planning to install internet connectivity and phone facilities to continue online classes during the COVID-19 situations. Of course, there is a need of a an extra-Budget of Rs. 35,000 to install Internet and phone connectivity inside the School campus. Few are the important expenses that could be met by an additional funding support from Asha Cornell: I cordially request you to consider the needs as per available funds to BTS.”

Expense	Cost (INR)
Internet Connectivity and phone facilities at BTS-Pathabhavan campus	35,000.00
Telephone and Internet for online class expenses	12,000.00
BTS-Pathabhavan school office computer and printer	41,000.00
Printing and stationaries	5,000.00
	Total = 93,000.00
