Hi all,

This is a poll on whether to approve a fifth new project for Asha SF called Gudia for an amount of Rs 5,60,000. This amount is about 20% of the total construction costs for a new center, the rest is being met by the project separately.

Details of this project are below.

Please vote by Sunday, Aug 10 before 23:59 hrs.

Thanks to all!

Guria has and is being funded by Asha Berkeley.

Guria is a nonprofit in Varanasi, Uttar Pradesh working to stop human trafficking and the exploitation of women and child sex workers. They have achieved their mission by setting up a non-formal center in the heart of the red light district area. This has allowed them to reach as many beneficiaries as possible, and to gain their trust. In this non-formal center, the children affected by this trade are provided with a safe space to get together and heal. They participate in group activities such as arts and crafts, skills development, experience sharing and such. They go to regular school and come to the center after school hours.

Guria has now set up another center in Mau (near Varanasi). Total construction cost is Rs 25,52,050. Majority of the construction costs has/is been met by Asha Berkeley (also Work-an-Hour 2013 project), Action Aid and local funds.

Rs 5,60,000 (\$9.3k; 22% of total cost) is being asked from Asha SF. This amount is primarily for the construction of 2 classrooms. It is a one-time cost for Asha SF for year 2014. For complete break down of budget, please refer to project proposal.
