SMART TEST

5) Translate the following in Tamil :

Yesterday was a rainy day. It rained heavily from morning till evening. We remained indoors throughout the day. In the evening I went out because I wanted to buy a notebook. The roads were flooded. There was knee deep water in the roads. A shopkeeper said that the low lying areas in the city had been completely submerged. Some huts had been washed away. The people living in those areas had been evacuated and were sheltered in schools. I bought a notebook. I returned home by another route. The compound walls of some houses had crumbled down. I felt sad because the rain had caused a lot of damage.

6) Answer the following questions :

- Name the Indian rivers that flow from east to west?
- Which two Indian states have a common capital?
