6. **SURVEY Conducted:**
A survey was conducted for students who were enrolled in MIT, Raidighi for different courses. A total of 52 students were interviewed based on the questionnaire developed by AIE. The objective was to get feedback about the programme from the students who were continuing with the courses as well as students who were already alumni. Questions were based on the reasons for joining the course, nature of jobs received after completing the course, areas of improvement, desired training opportunities, family support received as well as feedback from parents, employers and faculty.

- Most of the students who are employed got jobs on their own efforts. Every students working in bank kiosk or having business of online application filling up for students are being able to utilize the skills learnt in the training by MIT.
- Majority of the students are working as helping staffs in business like garment shop, store keeper, cable network operator, jewellery shops or other such business. A few of them are also involved as primary teachers in part time, clerical jobs in schools, housekeeping staffs in hotels in the nearby urban areas, involved in tailoring.
- Girl students are willing to opt for training like nursing and beautician courses. While boys are interested to take up advanced courses such as tally, photography, DTP, driving, ITI, mobile and electronic goods repairing.
- All students want to undergo training in Spoken English on a face-to-face basis rather than opt for online mode of delivery of classes.
- Students felt that electric and generator support in MIT would have helped them to remain motivated and would have improved their learning.
- Students are keen on job placement after course completion. Placement support or reference would have helped them to develop their skills practically.

7. **PLANS AHEAD**

- Focuse on job oriented pre placement kind of training so that placement can me improved.
- Setup Local emplyment exchange to assist youth for employment
- To identify new skill development opportunities as per community need.
- To ensure adequate handholding mechanism of the already placed students.
- To identify and link placement opportunities for the students.
- To ensure adequate centre set up for smooth programme implementation.
- Improvemnt in online classroom arrangement
- Moving center to a new location where electricity is better.
- To renew the ISO Certification ISO 9001-2015 of MIT.
