6. ABOUT THE NEW CENTRE AT NAGENDRAPUR:
With advancements in technological know-how, the need for computer education has grown tremendously. Urban areas and cities have high computer penetration. With increasing competition in job markets and constant changes in the educational system, the computer skills and their penetration levels in the rural areas also need
to improve. With this objective, MUKTI had opened the first branch of MIT at Raidighi in the year 2016. Gradually, with increased awareness on the courses, increased self esteem of the youths and chances of getting respectable jobs in congenial ambience, computer skills have become essential for each of the youths, especially the underprivileged. As a result, MUKTI inaugurated the second branch of MIT at Nagendrapur in March’2018. The centre aims to promote various courses to the youths in the vicinity and ensure skill enhancement and placement for them. Both the centres are currently offering similar courses. Students will also be benefitted from regular Free Spoken English Classes and grooming sessions.

7. PLANS AHEAD:
- To ensure enrolment of deserving & unemployed youths.
- To ensure retention of the students in all the courses.
- To introduce new skill trainings on retail, driving, mobile repairing, electrical house wiring and motor winding as per the market demand.
- To initiate the ISO certification process.
- To get affiliation from NSDC & NDLM for the various courses being offered.
- To ensure adequate handholding mechanism of the already placed students.
- To identify placement opportunities for the students.
- To ensure adequate centre set up for smooth programme implementation.

8. CHALLENGES:
- Frequent power cuts leading to delay in completion of courses.
- Requirement of marketing personnel for publicity of the courses being offered.
- Lack of information on placement opportunities.
- Lack of placement handholding mechanisms.
9. GLIMPSES OF THE PROJECT:

Students receiving course completion certificate

Spoken English class

Classes ongoing in MIT

Spoken English assessment class by volunteers of
