

## Committed to Creating A Better Tomorrow

## Introduction of SShrishti

- *"Education is like a weapon which we use to change the world"*
- SShrishti was registered as a non-profit organization in 2003.
- Sshrishti means creation and we are committed to create tomorrow for underprivileged children

## Vision of SShrishti

“To make a literate India where each child enjoys the childhood with love and laughter, learning and preparing for a life of dignity. To fight social inequity and ensure each child gets his or her birthright”

## Aims and objectives

- To build child rights awareness
- To provide educational and recreational facilities of high quality,
- To prevent children from dropping out of school, by offering them guidance and remedial studies.
- To offer vocational training to make them self-sufficient and to ensure community participation
- To provide healthcare through regular check up by doctors.
- To assimilate our students in the government schools and continue to provide support through remedial studies.
- To spread computer literacy to villages by opening computer learning centres.

## Achievements

### **Total students in SShrishti learning centers 391**

Jai hind Camp=86, male 43 and female 43, Total teachers...5  
SShrishti Learning centre= 108, Male 69 and Female 36, Total  
teachers.....5 teachers including Alicia

Ladli= 197, male and Female, total teachers.....6

### **Computer centers**

Patauda (Haryana).. 400

Geja ( Noida) 40 students

Varandavan (UP) 33 students

Surana (Rajasthan) 450 students

### **Remedial classes**

Total students=27, Male 20 and female 7,

Total teachers...2

## Achievements

- 17 students passed in NIOS
- All students passed last year
- Additional staff has been appointed
- New computer centers have been opened

## Challenges

- Lack of community participation
- Absenteeism / unpunctuality/ irregularity
- Children's health , hygiene and education
- Coordination between staff

## Roles and responsibilities of a teacher

- Strong determination and dedication towards the education of underprivileged children
- Sensitize parents through community outreach programmes
- Mobilize children in the community
- Provide conducive atmosphere in the classroom
- Punctuality and regularity
- Contributing to the mandate of SShrishti
- To help new staff members
- To maintain cleanliness of the premises and create a friendly environment

## How to make classroom more interesting

- Beginning of the classroom: good morning songs, indicate dress or colors etc
- Date/month/day
- Teacher should write clearly on the blackboard for example (what comes between- After)
- Use of English words ( may I mam, excuse me, sorry etc) teachers should focus on it
- Teachers sitting position in the classroom, way of talking, reaction to the children's questions and answers
- Way of teaching ( Look at the blackboard, what is this etc..children do not know whether teachers is asking or answering)
- Teachers should focus on the themes ( my family, Bank, courier services, post office)

## How to make teaching more interesting
