

Chance India Students participated in State level Programme

Gandhi Smriti and Darshan Samiti organized a 2 day (29th, 30 October) UP state level Children's Fair in Allahabad. Some Chance India Students were able to participate in this programme. They had a variety of activities including Song, Music, dance, Street play and Painting, etc. Children came from different groups around the state and it was a good exposure for the kids.

Who are chance India students?

A group of volunteers from Hungary spent a year with Nandlal's group teaching the local children English and computers. They have set up a SAC program to support 50 children in Mendigunj and 30 children in Varanasi. These children are referred to as chance India students. Nandlal coordinates the activities of the program in India.
