| <b>SECTION IV: Recommendation</b>  |
| My relationship with Nominee;<br>Friend.   |
| How long have you known Nominee? (Give an overview of the context and nature of your interactions in the past with the nominee): I came in contact with Mr, Nandlal in 1999, he was running about 10 evening education centers in his area. I visited his center several times. This place is about 65 Kilometers from my home, I participated almost each activities/movements of LokSamiti since 2002.   |
| <p>Why should Asha support this Nominee as a Fellow?(Include your perspective on the strengths of the applicant, key/unique aspects of the work being proposed, how Asha can create a mutually beneficial relationship with the fellow)</p> <p>Asha Should support Nandlal as a fellow because he is an activist working for each part of society, he has tremendous group leading capability, he is familiar with problems of local community because he belongs to a saree wearers family. Since 1999 he is dealing with different type of problem within local community, therefore he has very good experience. Asha can learn a lot with Nandlal's work and his multidimensional thinking on many issues like education, poverty, rights, women's issues, environment etc.</p> <p>The positive affects within society can be easily seen in his area. If Asha support him as Fellow, his can work more affectively for society.</p> |
| <p>Additional Comments: I am feeling too good to nominate Mr. Nandlal as Asha Fellow who is working for betterment of society on this great day the International Labours Day 1<sup>st</sup> May.</p>  |
