

## **MAHILA ACTION**

**Name of the Project: PRAGATHIKI BATA SCHOOL**

**Place of the School : VAMBAY COLONY, Madhurawada, Visakhapatnam.**

**Supported by : ASHA-WASHINGTON.**

**Period of Report : Sep 07 to Nov 07(Quarterly)**

### **INTRODUCTION:**

The main intent of Mahila action to start a school in the Suddagedda, Vambay colony of Mahurawada Mandal, Visakhapatnam is....

Few years' back the Govt. had constructed group houses in the out skits of the city which is 20 Kms far from the city and named as VAMBAY COLONY in Madhurawada for the slum people of Visakhapatnam and cleared nearly 12 slums of Visakhapatnam for the beautification of the city and send all the people to the VAMBAY COLONY.

After the slums clearance the rate of school drop outs are rapidly increased, the Govt. school near the slum is shut out, so there is no source for the education to the children of the VAMBAY COLONY.

In regular activities of Mahila action in the VAMBAY COLONY, we found many kids in the streets are idle with out education and habituated to bad habits.

In the mean while “*Ma*” had proposed ASHA-WASHINGTON by stating the condition of the children and drop out and initiated a school named PRAGATHIKI BATA School with the support of ASHA-WASHINGTON from June 2007.

### **THREE MONTHS PROGRAMME:**

- Classes are conducting regularly according to the syllabus, monthly exams are conducting and quarterly exams are also conducted to the students, all the exam papers are sending to their parents to know the students improvement status.
- Cultural Programmes and games competitions like Essay writing, Kabadi, Running race, musical chair, Quiz, cricket, were conducted to children on various occasions like Teachers Day, Gandhi Jayanthi, Children's day etc., and prizes were distributed.
- Work shop on awareness on Child Rights was conducted to the children to know about their Rights and the children were also trained few songs on Child Rights.
- Providing nutritious food to the children according to our curriculum.

## **CHILDREN HEALTH:**

All the children's health is improved through providing good nutritious food and green vegetables.
