

Adruta
Children Home
(A Unit of RAWA Academy)

A PROFILE

Adruta Home strives to become a center of excellence in providing holistic nurture (physical, educational, and spiritual) to the children in deprivation and distress.

LET'S COME
TOGETHER AND
ACT,
IF WE CAN DO
SOMETHING

Among India's glowing success and growing prosperity, there is a hidden India in which a very large number of parentless abandoned children suffer from extreme poverty, destitution and negligence. Adruta's mission is to raise such Children with love and care providing them with not only food and shelter but also a quality education so that they may emerge as self-dependent respectable citizens of the society.

Pledge Together
Path of Self-Transformation

MISSION

Provide home, hope and a conducive ambience to the helpless children to grow into excellence and be a part of the mainstream society.

-
- Every child is uniquely endowed.
 - The optimal expression of the latent potentiality can be ensured through conducive nurture.
 - Millions of children experience neglect, deprivation and destitution.
 - Let us join hands to make a difference to those who await our empathetic care and loving pat.

Prof. Dr. Aditya Kumar Mohanty

Legal Status

		Total	625

Education: -

Education is the process of acquisition of knowledge, skills and values. Educational methods include storytelling, discussion, teaching, training, and directed research. The children have access to the best of educational institutions in the locality. Aadruta children are provided with a conducive ambience to pursue their studies. Your support helps us to give our children exposures to Arts and STEM fields as well as facilities for online classes, with enough devices like tabs, headphones, projectors, and adequate Wi-Fi connections.

Health:-

Best of available healthcare facilities are provided through tie-up with hospitals and nursing homes as well as doctors who visit the homes from time to time. Health check-up camps are held at regular intervals by specialists who render free services to the children, and eligible children are vaccinated.

Padma Bhushan Dr. Jogesh Patil

Prof. of Physics, Stanford Linear Accelerator Center, Stanford University

I do not know how to adequately express my wonder and appreciation of the way the abandoned children, including some newborn babies, are being brought up in an environment of love and care. I am truly impressed by their talents in Art, Music, Dance and Academic studies, in particular by the happiness that shines in their faces. Adruta is a successful experiment in humanitarianism.
