1. **Date/time of visit and the centers you toured:** April 12th - April 16th, 2017. Two centers in Bhubaneswar area. I met 50+ children and all members of the leadership team.

2. **Observations:** Adruta continues to provide exemplary support and assistance to orphan children in Orissa. The number of children supported has grown to 450+. The new center in Bhubaneswar is conducive to learning, health and well-being of children. I specially like the reading room and spiritual room.

3. **Things going well:**
   1. Great leadership from Mr. Mohanty and the other members of leadership team e.g., Gayatri, Supriti, Sagarika.
   2. Focus on spiritual, education and extra-curricular activities for children.
   3. Commitment to help increasing number of children with time.

4. **Areas for improvement:**
   (a) Fund-raising. Still very dependent on few donors. (b) Operational excellence in growing the cause. As we expand number of centers and children, we need to be thoughtful about expenses
