

Hi all,

Please find below my correspondence with Asha central treasury regarding the availability of funds from Asha global to Asha Munich. And some queries regarding the checklist system. Apparently it's only required to make the checklist for US chapters for sending funds to different projects. Or for chapters outside if they want to request funds from Asha global for one of their projects (as is our case). We have about \$7000 available for our projects. We can choose to send it all to one project or several. For this, I will fill out a checklist with details of funding which has to be checked by chapter coordinators and chapter treasurer. So Prakash you have to take a look at this checklist and then approve it before it can go to the central treasury. The central treasury will then transfer the funds to the said project and get back to us with details.

I suggested funds for Siragu because that was what we were thinking of doing last year when we asked for these funds for the first time. We have to decide how we want to use these funds. Please send in your suggestions for this so that we can make use of these funds soon.

Hi Dinesh,

I need you and other volunteers to respond to the email regarding funds transfer through Asha global. Since we cannot have a meeting to decide that, I would like for an open discussion so that I can get everyone's opinion.

Hi All!

I am very happy to see that you all vote for siragu. Funds are really needed here. There are several things to be done, repaired, new built and so on..

I will get a detailed report from muthuram soon.

So far, the school is working well. Especially the older students are really interested in their stuires and they do a lot.

They're building a new house with four classrooms. And a lab. It is needed, because the old rooms are very hot in summer and the children are suffering also the old building is not really safe anymore.

As soon as I have the report, i will send you an e-mail.

If you have any questions, pls let me know

Greetings,
Sarah

Hi all,

Thank you for your responses regarding the transfer of funds from Asha Global to Siragu. Within the next two weeks I will initiate a checklist (mandatory as we are going through Asha global) for the transfer of €5000 to Siragu. Once the central treasury approves the checklist, they will transfer the said amount to Siragu and inform us the details of the transfer. We have to then monitor the progress and communicate with Siragu till they receive the funds. And once they do, get an official receipt from them and upload it on ashagnet for the central treasury. If anyone has any questions regarding this issue, please email me.

Sarah, its great that you are there now and can give us a first hand report of the goings-on there. I hope you are having a good and productive time in India.
