

ISW Education Rehabilitation for Amphan Affected Regions

Budget

Here is the budget for repairing one of our rooms along with the toilet which was damaged by the Amphan disaster. The room and the toilet both have a tin shaded roof. ISW received support from Asha for Education on Amphan Relief to repair the long boundary which was completely broken. But they could not repair the room shed and toilet along with window frames due to some funding shortage. Hence, they sent the following budget and some photographs. The room is for academic sessions of their students.

Budget

Item	Description	Rate	Units	Total
1	10' 0" ft Tin shade	2000/-	90 pcs	180000
2	900" Hall bar per ft.	60/-	900	54000
