(7TH FEB 2026)

OVERVIEW

- February 2nd, I met the MSS and MEE coordinators along with Sankar in Mukti office to plan the trip
 - In my 3 day trip (6-8th February) to Mukti projects, I visited Mukti Support school (Purbachintamonipur that runs in new model) on 3rd day
 - I started around 6-05 am from Mukti Complex (Purbasridharpur) with Bimal Khan (one of the MSS coordinators) to go to the River bank followed by the 6-30 am ferry reaching the other side in PatharPratima Block which took around 35 minute by Toto to reach (around 7-40 am)
 - Then I talked to the teachers for some time and later interacted with the students in each class
 - At lower classes, some discussions about different subjects and environment were done
 - At higher classes, discussion about role models and indications of an ideal person were discussed aligned with my earlier discussions with Sankar Halder, Founder of Mukti
 - Another discussion with Teacher happened later
