Asha for Education Silicon Valley Chapter

Human Uplift Trust is a non-profit that has a home/school for orphaned, dalit and children living with AIDS in the PERAMBALUR region near Trichy, Tamilnadu. My family and myself arrived around 10 AM at the “Vidhyashram” Campus and was welcomed by Dr.Indhra, wife of Dr. Raja Venkatesh and Mr. Nirmal Kumar. The classes were going on when we visited the center and we were taken to the different classrooms at the ASHA CLASSROOM BLOCK II. There were about 14 classrooms and currently had enrollment of 97 kids. We interacted with the teachers, children and the administrative staff and they were very welcoming to us. The classrooms were well equipped with educational display around the walls of the classroom to drive curiosity and various teaching materials. We also visited the dormitories where the students stayed and found it be simple, clean and had lockers as well in the “House of Hope” shelter within the campus. We also were shown the kitchen where the nutritious meals are cooked daily and noticed a lot of fresh vegetables stocked.

In the administration room, I was shown their daily bookkeeping, student records including their health record and audit records which seem to be maintained well.

They have plans to add an English medium day school in 2026-2027 and is looking for funding for this project.
