5	R.S Brick Kiln				
6	Indra- I Brick Kiln				
Total No. of students					146

We report the partial success in integrating the ApnaSkool children with the Government Primary School System. We succeeded in getting a formal order from the Kanpur Basic Sikshaadhikari allowing the enrolment of ApnaSkool children in the neighbouring Government Schools and permitting our teachers to accompany them to ensure that their learning continuity is maintained. Given in the accompanying table are a listing that links various Apna Skool centres, the Teachers in charge of them and the Government Primary School they have started attending. Presently all these children are making use of a classroom in the Government Primary School and are instructed by our teachers and provided with mid day hot meals that are run by us. WE look forward to the future when they will become fully students in Government system, with our teachers playing a useful supplementary role.

- As our system is concerned, kids go back to their native places with their parents in the month of June. To maintain continuity in their study, these kids are admitted in primary school of their respective village. These kids stay in their village till the month of October.

The detail of the kids, who are admitted in primary school in their native place, is mentioned below:

S.N	Name of Apna Skool Centers from where kids departed	Name of Gov. school where kid is admitted .			Number of kids in the School.

Total Number of Students					187	

A group of children and a woman are standing in a village setting. In the center, a woman in a white patterned dress stands next to a young boy in a blue patterned shirt. To their left, a girl in a yellow and red patterned dress stands next to another boy in a blue shirt. To the right, a boy in a light blue shirt stands next to a girl in a red and white striped shirt. In the background, there are several houses with thatched roofs and trees. The ground is dirt.

for the time period June to October, we have started a centre in Bidokhar village of Hamirpur. This centre is started for Apna Skool kids of Murari centre. These kids are admitted to government school of that village and are given extra coaching by our volunteer. Around 23 kids are being taught in this centre. This initiative is taken to encourage kids and their parents to come to same brick kiln so that kids could get regular guidance.

- **Tatiyaganj initiative:**

9 kids from different centres of Apna Skool are put in Tatiyaganj centre where they will stay from June to October. Their parents have left them on our will to continue their study in Kanpur. These kids are provided with proper infrastructure to live in Tatiyaganj. To take care of these kids a warden (an experienced teacher of Apna Skool named Pushpa Devi) is also appointed.

- **Sewing Class**

Number of Students : 18

Venue : Apna Kendra

At present 18 girls are learning sewing at Apna Kendra. Currently they are making uniforms (skirts & shirts) for the students of Apna Skool.
