**Ongoing activities in Apna Skool centres (Feb 09- June 09)**

With reference to our previous report on 20 centres in the period Nov. 2009-Jan 2009, this report is a continuation of the same for the period Feb 2009-June 2009 about the ongoing activities in various centres of Apna Skool.

**Students promoted to higher classes**

Five former children from **Kalra Brick Kiln centre** studying in class 6 Swami Vivekanand Vidyalaya, Lodhar have been promoted to class 7. Three students of the centres have passed class 5 NIOS (National institute of open schools) and have been admitted to class 6 at Swami Vivekanand Vidyalaya, Lodhar.

Seven former students of **Panki, a construction site near Panki Power house**, have been promoted to class 7 now and are studying in Swami Vivekananda Vidyalaya, Lodhar. Three more students of the centre have passed the NIOS examination and have been admitted to class 6 at the Lodhar school.

Former students of **Dhamikheda centre in Awas Vikas, Kalyanpur Construction site**, studying in Jugaldevi Vidyamandir have successfully passed Class 8 exams (some are rank holders) and currently been admitted to Ramkrishna Mission High school and Purna devi girls’ college. (Jugaldevi school has classes only upto the 8th standard.)

 Students from rest of the centres have successfully passed their exams and have been promoted to higher classes.

**Vocational Training(Summer activities)**

Activities like Fabric painting, Tiles painting and artificial jewelry making are carried out in various centres in the months of May June. There is an appreciable demand for the products made by these students. (Photos attached)

**Field Trips**

Students from all the centres were taken to the Kanpur Sangrahalaya (Museum) in the last week of May. Additional visits to different places of worship like the Mosque, temple gurudwara and church was also arranged for them to get a visual picture of what they read in their textbooks. (Photos attached)

**Medical Camp**

We undertake regular immunization and vaccination programmes and keep the children under medical supervision. Several of them suffer from chronic problems and we arrange for treatment using local resources.

Hepatitis B Vaccination was carried out in different centres in March, April, and May. Many children were treated for various ailments. (Photos and report attached). Sarita Kumari from the Panki centre who had a major heart surgery last year, is presently doing fine and studying in class 8 at Swami Vivekanand Vidyalaya, Lodhar. (Report attached)
