Subject : Call for Financial Assistance.

Dear Sir / Madam,

Thank you for considering our Ekyavardhak Vidhya Mandir for your help. To enable you to make an informed decision, we would like to take this opportunity to tell you more about our Project.

Our school was started 53 years ago with the goal to provide education to the economically and socially backward children living in the area of Tilak Nagar, Kurla, Govandi and Chuna Bhatti from the largest slum dwelling area in Mumbai and our school along with few others is the only opportunity the children here have to education and therefore to a better life. Every year nearly 70% children pass out of our primary school and more than half of them go on to clear the State Secondary Certification Exam from the secondary school of our Project. We strive to provide a healthy and educational environment to the children.

Currently our Primary school has 348 students, both boys and girls. We have 8 teachers, 1 mistress, 1 clerk and 2 peons. Our present accommodation has 8 class rooms, 2 staff rooms, 1 office and 3 bathrooms (one each for girls, boys and staff). Our school has been running with the help of financial grants from the BMC, wherein we receive teaching grants to be used for salaries and student grants amounting to Rs. 10/- for every child here per year. Along with education, we provide a midday meal to the children, with the help of funds from the BMC.

However, the last two years of flooding in Mumbai due to the heavy monsoons has caused severe damage to our building and infrastructure, and has forced us to start looking for other sources of help. In particular, the floor and roofs of our building have become dilapidated and are in urgent need of repair. As a pressing need, we have the following requirements.
