

**Approval of Second Year of Funding**  
**June 23, 2006**

Hurrah, Chidu, hurrah  
Let me give you a poem I just essayed.  
Thank you Chidu, thank you ASHA.  
Fr. Godfrey D'Lima

How happy is the human heart  
When struggling for a fresher start  
From sordid hates and sundry quarrels  
That may have gained lament or laurels  
And brimming with a truthful love  
Flows deep and strong with grace above  
To make up what the finite misses  
To stay on course when satan hisses  
A heart that gives, itself so spending  
That gifts its all for human mending
