

Site Visit Report for the Book Bank at Narendrapur Project

Volunteer: Abhyuday Mandal

Affiliation: Asha-Athens, Asha-Atlanta

Date of visit: 8 December, 2025

I discussed with the project partner about the current status of the book bank project.

Books are given twice for classes XI and XII, because now the semester system has been introduced. In Class XI – first and second semester, in Class XII – third and fourth semester. Earlier the books for competitive exam and aptitude test were not given to students. Now they are all given to students.

Now exercise books are distributed twice a year. Now the members of book bank have increased. As a result, to maintain the service at same level, books are issued to those who attain minimum % of marks in examination but exercise books are given to all.

Sometimes they face problems to get the books returned by the students of classes V to X, because those who fail in the class exam or those who are dropping out are not returning the books properly. This percentage is much higher now than earlier.
