Respected Sir,

It is always a pleasure to convey our warm greetings to you. We reiterate our grateful thanks for your considerate support to our work and school.

We are privileged to update you on the new school building work. You are already aware that with the kind offices of help from Euroflex Transmissions, from Asha for Education USA and from our own corpus savings we were able to finally procure a piece of land near to our existing premises. In a very humble way we started construction in May 2014. We were all along fervently appealing to all corporate offices for CSR fund support. After a time our efforts were fruitful and Broadridge Financial Solutions offered to help us for half the project proposal. With that the building work has taken a faster pace.

We are truly thankful for your generosity and we will never tire to express our gratitude for your explicit thoughtfulness. Your imaginative gesture is inspirational to our work. Kindly accept our genuine thanks to you for backing us, which we find motivational in every aspect of our work every day.

Thanks and Regards

Shanthi Venkat
