Hello Chandan:

The document includes budgets quarterly(2nd and 3rd). From the next budget voting I requested for an annual budget rather that do this quarterly.

They still need funding after June and September. Hope that answers your questions.

Thank you.

Kaushik -

Can you help me understand why is the request for funding only till June? What happens after June? and also what happens after September (the 4th quarter)? I can see that the actual budget amounts (including 4th quarter till Sept.) are also mentioned. So I'm wondering if Swadhar is planning to manage funding after June or Sept. on its own or they will need funding for that as well later on.

Thanks,
Chandan
